

Date _____

If you notice a malfunctioning streetlight, either submit this form or call 780-417-7100, Monday to Friday, 8:30 a.m. to 4:30 p.m. Streetlights are generally repaired within 10 business days by the County's maintenance contractor.

Streetlights in areas still under construction are maintained by the developer. Contact the developer if you have a concern with a light in an area under development.

Please complete the following.

1. What is the nature of the problem? (please select one or more of the boxes below)

 Single light out Light is flickering Multiple light outage Light turns on and off Light is on 24 hours (on during the day) Hanging or broken light fixture Damaged streetlight pole Broken glass Wires are exposed Other problem Trees are blocking lights

(Please specify) _____

2. What is the location of the problem you are reporting?

Address _____

3. To help us further identify the location of the streetlight needing repair, please provide further details about the location (i.e. near or opposite a house, signs, fire hydrants, newspaper boxes, etc.).

If you would you like us to provide you with follow-up information about your work request, please provide the contact information you would like us to use (optional).
