

# 2021

## Environmental Framework Year-in-Review

Ecosystems are the complex of relationships between living organisms and their physical environment. The ecosystem model can also define relationships across County departments, external agencies and our citizens, working together for a healthy community.

### Reframing our focus.

**6** outcomes & **35** objectives

To work together towards a future where healthy ecosystems support a healthy community.

### Telling our story

180 Innovative practices in action

130 Supportive tools in action

250+ Strategic initiatives to consider

### Renewing our future.

**Air**

Alberta Capital Airshed Clean Air Awards  
Alberta Zero Emission Hydrogen Transit Bus purchase  
Annual Tree Planting Program

Astotin Creek Resiliency Study  
Headwaters Protection Strategy  
Wetland Replacement Program

**Water**

Conservation Reserve Directive  
Edmonton – Strathcona County Footbridge  
Contaminated Site Action Plans  
Designated Industrial Zone (DIZ) Pilot Project

Waste Management Roadmap  
Circular Cities Project  
Regional Solid Waste Collaborative

**Waste**

**Biodiversity**

Bird Friendly Cities  
Bird Watching Kits  
Best Management Practices for SWMFs update  
Open Space naturalization  
Problem Wildlife Program

**Energy**

Green Fleet Procedure  
Electric Vehicle Feasibility Study  
Canada's Greener Homes Grant  
Clean Energy Improvement Program (CEIP)  
Greenhouse Gas Emission Target

### Environmental Framework Integration Team

**32 participants & 11 departments**

Are represented on the EFIT, the majority who were integral to the development of the Framework and chose to continue their involvement!

Thank you for helping Strathcona County in our commitment to environmental action and responsibility.
