## World Elder Abuse Awareness Day

World Elder Abuse Awareness Day is an opportunity to empower older adults and educate people on the prevention of elder abuse. Elder abuse is hidden; preventing and reducing it starts with knowledge.

In the spirit of Community Safety and Well-Being, together we can create a safe, supported and connected community that breaks down social isolation, reinforces strong relationships, and prevents and reduces elder abuse.

**THEREFORE**, I, Mayor Rod Frank, do hereby proclaim June 15, 2021 as World Elder Abuse Awareness Day in Strathcona County. Together, we can prevent Elder Abuse.

Dated this 15, day of June, 2021.

Signed by

Rod Frank, Mayor
