

Strathcona County

Public Works Week

Public works professionals focus on infrastructure, facilities and services that are of vital importance to sustainable and resilient communities and to the public health, high quality of life and well-being of the people of the community.

These infrastructure, facilities and services could not be provided without the dedicated efforts of public works professionals, who are engineers, managers and employees at all levels of government and the private sector, who are responsible for rebuilding, improving and protecting our transportation, water supply, water treatment and solid waste systems, public buildings, and other structures and facilities essential for our citizens.

It is in the public interest for us all to gain knowledge of and to maintain a progressive interest and understanding of the importance of public works programs in our community.

NOW THEREFORE I, Mayor Rod Frank, do hereby proclaim May 16 to 22nd Public Works Week in Strathcona County.

Dated this 18 day of May, 2021.

Signed by

Rod Frank, Mayor
