

Strathcona County

Recreation and Parks Month

In Strathcona County we know that physical activity is vital to keeping communities physically, socially, emotionally and mentally healthy. We are fortunate to have trail systems, parks and green spaces that allow residents and visitors to enjoy and benefit from year-round recreational opportunities and experiences.

Parks and outdoor spaces provide safe opportunities for residents to recreate safely as well as provide vital spaces for nature to be protected and help plant and wildlife thrive.

Recreation enhances quality of life, develops skills and positive self-image. It also builds social sustainability, economic growth and environmental awareness by allowing people to connect to nature through recreation.

Now therefore I, Mayor Rod Frank, do hereby proclaim the month of June 2021 as Recreation and Parks Month in Strathcona County.

Dated this 15th day of June, year.

Signed by
Rod Frank, Mayor
