Strathcona County

Sexual Violence Awareness Month

Sexual assaults, abuse and violence impacts every member of our community; whether they are a survivor, or their life has been affected by someone else's experience with sexual violence. No one person, organization, agency or community can eliminate sexual violence on their own. We must work together as a community towards prevention through the development of supports and programs.

We urge all residents of our community to learn more about sexual assault, abuse and violence and become active participants in eliminating these crimes. It is also our responsibility to support those affected by these events.

Strathcona County and SAFFRON Sexual Assault Centre are working together with a vision of creating a community free of sexual assault, sexual abuse and sexual violence and its negative impacts.

NOW THEREFORE I, Mayor Rod Frank, do hereby proclaim May 2018 as Sexual Violence Awareness Month in Strathcona County.

Dated this 24 day of April, 2018.
