Strathcona County

Social Work Week

The Alberta College of Social Workers (ACSW) is mandated to carry out its regulatory functions which include: professional registration and regulation; promoting social work; and protecting the public.

Social workers believe:

- In the worth, dignity, and creativity of every human being;
- All people should have equal access to the resources, services and opportunities that one requires to promote their well-being; and
- That each person has the right to self-determination with due regard for the interest of others

In accordance with these values, Social Work is committed to fostering human welfare through professional services. Social work practice focuses on the relationship among people and their environments. The social worker endeavors to:

- enhance the problem-solving and coping capacities of people;
- help people better use resources in their environment; and
- effect changes in society towards the social justice for all

Social Workers are a vital part of our community, providing resources and services to people in need in our community.

NOW THEREFORE I, Mayor Rod Frank, do hereby proclaim March 3-9, 2019 as "Social Work Week" in Strathcona County.

Dated this 26 day of February, 2019.

Signed by
Rod Frank, Mayor
