## Small Business Week

---

Small business is vital to the prosperity of Strathcona County.

Annually, business owners and managers participate in Small Business Week across the country. On Tuesday, October 18th, the County will host a conference - an opportunity to celebrate small business and our local entrepreneurs.

Council is committed to our local businesses. We sincerely thank those entrepreneurs and small companies for their contributions to our local economy and quality of place in our community.

Therefore, I, Mayor Rod Frank, do hereby proclaim October 17-21, 2022 as small business week in Strathcona County, and call upon citizens to support our local businesses so that they may thrive here in our community.

Dated this 4th day of October, 2022.

Signed by

Rod Frank, Mayor
