

The Municipal Government Act's Subdivision and Development Regulations requires developers and property owners applying for a subdivision or development permit to identify the location of abandoned wells during planning and to appropriately address them in the proposed development.

For information on Alberta Energy Regulator (AER) Directive 079: Surface Development in Proximity to Abandoned Wells and the Abandoned Well Map viewer please visit: <https://www.aer.ca/>

This declaration is to be provided by the applicant at the time of Subdivision or Development Permit application, along with a printout of the map(s) that was used to confirm the absence or presence of abandoned well(s).
