7.19.8. **Subdivision Regulations**

- a) The subdivision regulations of the underlying Zoning District apply.

7.19.9. **Development Regulations**

The following regulations apply in addition to those of the underlying Zoning District. Where any conflict exists, the more restrictive regulation shall apply:

- a) The maximum height within 0 km to 1.5 km of the nearest boundary of the IH Heavy Industrial zoning district is 10 m except for general industrial uses in which case the height of the underlying Zoning District shall apply.
- b) The maximum height within 1.5 km to 3.0 km of the nearest boundary of the IH – Heavy Industrial Zoning District is the lesser of 16.0 m or the height of the underlying Zoning District.
- c) Where one parcel is bisected by the 1.5 km boundary line of the IH-O Heavy Industrial Transition Overlay, the uses and development regulations on each side of the boundary line shall follow the

applicable provisions as described in this Bylaw. Where there is a dispute or doubt as to the location of the 1.5 km boundary line, it shall be determined by the Development Officer in accordance with Section 1.16.7

- d) The maximum floor area ratio for one parcel shall not be transferable to another parcel, in order to permit greater density than is intended for the one parcel.
- e) All site and building designs, except for renovations or additions of less than 10 % of the existing gross floor area, shall be designed for ease of evacuation, access by emergency services, and mechanical systems to provide protection to occupants in the case of a significant industrial accident.
- f) All sites and buildings shall be designed in accordance with the County's Emergency Services requirements or policy.
- g) In addition to compliance with the Alberta Safety Code and Alberta Fire Code, any on-site production, processing, handling, storage, use or disposal of dangerous goods in excess of the quantities identified under the Alberta Fire Code, with reference to Small Quantity Exemptions for Dangerous Goods may, at the discretion of a Development Officer, require that the applicant retain a qualified professional to prepare a risk assessment report to determine the risk of an industrial accident, or the potential of additional risk resulting from the cumulative quantities of dangerous goods located at other surrounding facilities.
- h) The Development Officer shall require for a development permit application for a general industrial use, at which dangerous goods are produced, processed, handled, stored or disposed of on-site, that an applicant retain a qualified professional acceptable to the Development Officer to prepare a risk assessment review statement.

7.19.10. **Other Regulations**

- a) In addition to the regulations listed above, permitted and discretionary uses are subject to the applicable regulations, provisions and requirements contained within the other Parts of this Bylaw.
