Next steps

Based on the feedback received from the Phase 2 public engagement, in Phase 3 we will be revising and finalizing the Vision and Guiding Principles. In accordance with the finalized Vision and Guiding Principles, we will be preparing potential land use concept scenarios.

The tentative schedule is to present these potential land use concept scenarios to the public for review and feedback in the spring of 2021. The finalized Vision and Guiding Principles will also be shared with the public in Phase 3.
