

Notice of Construction
**RR 233 Trail Balmoral Traffic Circle to Sherwood Golf &
Country Club Estates Emergency Access**

May 27, 2021

Dear Resident,

As part of the Strathcona County Trails Strategy, trails were identified as being an essential outdoor recreational amenity. These trail linkages provide residents with opportunities to actively and safely connect to the surrounding neighbourhoods and experience a greater quality of life.

Beginning mid to late June 2021, Strathcona County will be constructing a new asphalt trail connecting the existing asphalt trail at the north emergency access on the east side of Range Road 233 to the traffic circle at Balmoral Way and Sherwood Golf & Country Club Estates. This trail will help connect Sherwood Golf and Country Club Estates to trails in Balmoral and Fountain Creek.

Construction is expected to be completed by mid to late July 2021, pending impacts from weather and unforeseen issues.

What to expect

There will be minimal impacts to traffic; construction activities will take place primarily within Range Road 233 east road right-of-way. To ensure the safety of workers, pedestrians and other drivers, please respect the "Posted Speed Limit" signs and barricades, and drive through all work zones with caution.
