

PARKLAND MEMORIAL PROGRAM

STRATHCONA
COUNTY

Parkland Memorial Program

This program provides individuals, groups and organizations with the opportunity to beautify parks in Strathcona County by planting trees or dedicating a bench in remembrance, observance or acknowledgment of an appropriate event, occasion or individual. The Parkland Memorial Program is only for installation on Strathcona County park spaces.

Broadmoor Lake Park has reached capacity and is not accepting new applications for trees or amenities. Smeltzer House has reached capacity and is not accepting new applications for trees.

Requests are accepted year-round. Installations take place May through September and trees are planted in the Spring and Fall (weather dependent). Requests received after August 1 cannot be guaranteed installation within the same calendar year. A plaque is installed with the amenity or tree to serve as a lasting tribute.

- Complete a parkland memorial application and submit it to Recreation, Parks and Culture by email or in person at the Recreation, Parks & Culture Administration Office (2025 Oak Street).
- Once your Parkland Memorial Application has been reviewed, you will be contacted by a Recreation, Parks and Culture representative.
- Payment is required prior to bench or tree being ordered.

Donation amounts are available online at
www.strathcona.ca/parks

You may be eligible for a charitable tax receipt for your donation.
