MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying consolidated financial statements are the responsibility of the management of Strathcona County (the County).

These consolidated financial statements have been prepared by management. Financial statements are not precise in nature as they include certain amounts based on estimates and judgements. Management has determined such amounts within the reasonable limits of materiality.

The County maintains systems of internal accounting and administrative controls that are designed to provide reasonable assurance that the financial information is authorized, reliable, accurate, and that the County's assets are properly accounted for and adequately safeguarded.

The elected Council of Strathcona County is ultimately responsible to appoint the external auditor, oversee management's fulfillment of financial reporting obligations and approve the financial statements. Council meets with management and the external auditors to discuss audit and financial reporting matters, and to satisfy that each party is properly discharging its responsibilities.

The consolidated financial statements have been audited by Ernst & Young LLP, the external auditors, in accordance with Canadian Generally Accepted Auditing Standards on behalf of Council, residents and ratepayers of the County. Ernst & Young LLP has full and free access to Council.

Independent auditor's report

To the Mayor and Members of Council of
Strathcona County

Opinion

We have audited the consolidated financial statements of the **Strathcona County** [the "County"], which comprise the consolidated statement of financial position as at December 31, 2020, and the consolidated statement of operations and accumulated surplus, consolidated statement of change in net financial assets and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the County as at December 31, 2020, and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the County in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management and those charged with governance for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the County's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the County or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the County's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the County's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the County to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Consolidated Financial Statements

Strathcona County (the County) is a specialized municipality in the Province of Alberta and operates under the provisions of the *Municipal Government Act* (MGA), R.S.A. 2000, c. M-26.

1. SIGNIFICANT ACCOUNTING POLICIES

The Strathcona County consolidated financial statements are prepared by management in accordance with Canadian Public Sector Accounting Standards. Significant accounting policies are presented to assist the reader in evaluating these consolidated financial statements and, together with the following notes, should be considered an integral part of the consolidated financial statements. The significant accounting policies adopted by the County are as follows:

a) Reporting Entity

The consolidated financial statements reflect the assets, liabilities, revenue, expenses and accumulated surplus of the reporting entity. The reporting entity consists of all organizations that are owned or controlled by the County, and are, therefore, accountable for the administration of their financial affairs and resources.

The reporting entity includes all divisions and departments of the County's operations, the Strathcona County Library and Pioneer Housing Foundation (PHF). Inter-organizational transactions and balances between these entities have been eliminated where appropriate. The County is associated with various other boards, commissions, and other organizations that are not part of the reporting entity.

Property taxes levied also include requisitions for education and seniors housing, on behalf of organizations that are external to the reporting entity.

b) Basis of Accounting

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

c) Property Taxes

Property tax revenue is based on approved annual budget and requisition requirements. Property tax rates, per class, are determined by the total revenue requirements divided by the total taxable assessment, which are based on market value and regulated value assessments. Taxation revenue is recorded at the time the tax rates are authorized by Strathcona County Council and the tax notices are issued.

d) Government Transfers

Government transfers are recognized as revenue in the period the events giving rise to the transfers have occurred, provided that the transfers are authorized, eligibility criteria have been met, and reasonable estimates of the amounts can be made. Stipulations are terms imposed by a transferring government regarding the use of transferred resources or the actions that must be performed in order to keep a transfer. Any unfulfilled stipulations related to a government transfer would preclude recognition of revenue until such time that all stipulations have been met.

e) Development Levies

Development levies are collected pursuant to agreements between the County and developers. Development levies are recognized as revenue in the period the development levies are collectible, and the amounts are applied to the acquisition of leviable infrastructure or other contractual requirements.

STRATHCONA COUNTY
Notes to Consolidated Financial Statements
December 31, 2020 (in thousands of dollars)

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

f) Local Improvements

Construction and borrowing costs associated with local improvement projects are recovered through annual special assessments within the repayment period of the related borrowings. These levies are collectible from property owners for work performed by the County.

Local improvement levies represent funds from external parties that are restricted by legislation and accounted for as deferred revenue until the special assessments are authorized by Strathcona County Council, issued to the property owners, and the funds are used for the purpose specified.

g) Requisition Overlevies and Underlevies

Overlevies and underlevies arise from the difference between the actual levy made to provide for each requisition, and the amount requisitioned.

If the actual levy exceeds the requisition, the overlevy is accrued as a liability and property tax revenue is reduced.

Requisition tax rates in the subsequent year are adjusted for any overlevies or underlevies of the prior year.

h) Deferred Revenue

Deferred revenue consists of unrecognized government transfers, development levies and other revenue. Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

i) Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and temporary investments that are readily convertible to cash and mature within 90 days of purchase.

j) Investments

Investments are recorded at amortized cost. Investment premiums and discounts are amortized on the net present value basis over the term of the respective investments. When there has been a loss in value, other than a temporary decline, the corresponding investment is written down to recognize the loss.

Investment income is reported as revenue in the period earned. When required by agreement or legislation, investment income earned on deferred revenue is added to the deferred revenue balance based on the County's average rate of return on investments.

k) Employee Benefit Obligations

The cost of employment benefits, pension benefits, compensated absences and termination benefits are recorded as an expense at the time the event giving rise to the obligation occurs.

l) Contaminated Sites Liability

Contaminated sites are a result of contamination being introduced into soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. A liability is recognized when a site is not in productive use and is recorded net of any expected recoveries. The liability for remediation of a contaminated site reflects the County's estimated costs to meet environmental standards.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

m) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. Non-financial assets have useful lives extending beyond the current year and are not intended for sale in the normal course of operations.

i. Tangible Capital Assets

Tangible capital assets are recorded at cost, which includes amounts that are directly attributable to acquisition, construction, development, or betterment of the asset. The tangible capital asset cost, excluding land, is amortized on a straight-line basis over the estimated useful life, as follows:

<u>Asset</u>	<u>Useful Life in Years</u>
Land Improvements	10 - 30
Buildings	10 - 50
Engineered Structures	
Roadway System	10 - 80
Water Distribution System	35 - 90
Wastewater Treatment System	35 - 75
Storm Sewer System	15 - 75
Other Engineered Structures	5 - 40
Machinery and Equipment	2 - 40
Library Materials	10
Vehicles	4 - 20

In the year the asset is available for productive use and in the year of disposal, only one-half of the annual amortization is charged. Assets under construction are not amortized until the asset is available for productive use.

ii. Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at fair value on the date of receipt and are also recorded as contributed tangible capital asset revenue in the Consolidated Statement of Operations and Accumulated Surplus.

iii. Leases

Leases are classified as capital or operating leases. Leases that transfer substantially all the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

iv. Inventories of Materials and Supplies

Inventories of materials and supplies include roadway maintenance materials, vehicle equipment and facility parts, and print shop materials. Inventories of materials and supplies are valued at the lower of average cost or replacement cost.

v. Works of Art and Historical Artifacts

The County manages and controls various works of art and historical artifacts that are not recognized as tangible capital assets.

n) Reserves

Certain amounts, as approved by Strathcona County Council, are designated within accumulated surplus as reserves for future operating and capital expenditures.

1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

o) Equity in Tangible Capital Assets

Equity in tangible capital assets is included within accumulated surplus. It represents the amortized cost of investments in tangible capital assets, after deducting the portion financed by long-term debt, and adding back long-term debt financing applicable to local improvement levy projects.

p) Use of Estimates

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates.

Estimates have been used to determine provisions for accrued liabilities, liabilities for contaminated sites, useful lives of tangible capital assets, historic costs of certain tangible capital assets, fair values of contributed tangible capital assets, provisions made for allowances for doubtful receivables, and provisions made for rental lease revenue on advances during construction.

Revenue recognition related to development levies and charges utilizes forecasted development costs, staging, and financing requirements.

q) Adoption of New Accounting Standards

There were no changes to Canadian Public Sector Accounting Standards that came into effect for the year ended December 31, 2020.

r) Future Accounting Standard Pronouncements

The following table summarizes prospective changes to Canadian Public Sector Accounting Standards, and while the timing of standard adoption can vary, certain standards must be adopted concurrently. Concurrent adoption applies to the Financial Statement Presentation (PS1201), Foreign Currency Translation (PS2601), Portfolio Investments (PS3041), and Financial Instruments (PS3450) accounting standards.

Public Sector Accounting Standard	Name	Effective for the County years ended

4. DEPOSIT LIABILITIES

Deposit liabilities can either be interest bearing or non-interest bearing and are held based on the terms of related transactions or agreements.

The County has taken securities from developers in the form of cash, recorded as deposit liabilities, and letters of credit. Security is retained based on a percentage of the infrastructure construction costs required to service the development and is held to secure performance of obligations under the development agreements or permits. The value of securities can be reduced or increased, at the discretion of the County, as the associated development activity progresses. As at December 31, 2020, the County held \$8,725 (2019 – \$11,999) of deposit liabilities for development agreements and permits including interest of \$977 (2019 – \$1,099) which have been included in the total deposit liabilities balance and held letters of credit in the amount of \$32,024 (2019 – \$39,115).

5. DEFERRED REVENUE

Deferred revenue comprises the amounts noted below, the use of which, together with any earnings thereon, is externally restricted. Externally restricted amounts include allocated interest of \$1,674 (2019 – \$2,029). Certain deferred revenue relates to government transfers as further described in Note 17.

7. DEBT AND DEBT SERVICE LIMITS

Provincial legislation (Section 276(2) of the MGA) requires that debt and service on debt limits as defined by Alberta Regulation 255/2000 for the County be disclosed as follows:

	2020	2019
Total Debt Limit	\$ 534,277	\$ 560,732
Total Debt	150,569	162,182
Percentage Used	28.18%	28.92%
Service on Debt Limit	\$ 89,046	\$ 93,455
Service on Debt	17,327	17,718
Percentage Used	19.46%	18.96%

The total debt limit is calculated at 1.5 times the revenue of the County (as defined in Alberta Regulation 255/2000), and the service on debt limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are a conservative guideline used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the County. Rather, the consolidated financial statements must be interpreted as a whole.

The *Municipal Government Act* (MGA), R.S.A. 2000, c. M-26 authorizes the County to impose and collect off-site levies by way of bylaw. The County exercises its authority to collect off-site development levies by establishing a bylaw, typically revised on an annual basis. Up until 2020, the County has operated with one bylaw to govern off-site levy rates.

On December 8, 2020, Council approved a second off-site levy bylaw, which established levies specifically for the hamlet of Ardrossan. All contributions collected prior to this time were made by way of developer contributions, primarily due to the pending expansion of the hamlet boundary, finalized and approved by Council in October 2019. The original Ardrossan Area Structure Plan included approximately 60 hectares of developable area at the time of adoption in 2014; however, the Ardrossan East Area Structure Plan added an additional 99 hectares of developable area to the hamlet. Since the finalization of the hamlet boundary, the County has worked to develop an offsite levy regime for the hamlet, with the methodology and rates applied retroactively to all development since the date of adoption of the original Ardrossan Area Structure Plan.
