

## OTHER PERMITS AND PROCESSES REQUIRED BEFORE ROWCAP

The following are some of the other permits and processes that may be required from Strathcona County prior to submitting an application for a Right-of-Way Construction Activity Permit (ROWCAP).

**Note:** When submitting a ROWCAP application, the applicant must include the reference number for the other required permits and processes (if applicable).

**Development Permit Number:** Required when work within the road right-of-way is associated with an approved development project on adjacent property (i.e. new commercial, residential or industrial project).

For more information, contact:  
Planning and Development Services  
780-464-8080

**Utility Line Assignment (ULA) Permit Number:** Required when work within the road right-of-way is associated with the installation of utility lines and facilities (i.e. underground power, gas, communications cable, etc.).

For more information, contact:  
Planning and Development Services  
780-464-8080

**Energy Referral File Number:** Required when work within or adjacent to the road right-of-way is associated with energy, oil and gas projects (i.e. new pipelines, integrity digs, etc.).

For more information, contact:  
Planning and Development Services  
780-464-8080
